Professional Experience

Chris joined FAB Group in August 2011 as an Associate and provides a range of litigation and other analytical services including financial research/analysis, product and industry research/analysis and document management services.

Prior to joining FAB Group, Chris served as group lead for re-evaluation of operational processes and other independent budgetary and operational analysis projects while employed at The Federal Home Loan Bank Chicago.

Chris has employed his services as an independent contractor and consultant in several different commerce disciplines within the financial and real estate finance fields.

Previously, Chris joined FAB Group's Managing Principal, Frank Bernatowicz, as an assistant to business development and engagements at Jay Alix & Associates; currently known as Alix Partners.

Chris' consulting and contracting experience spans several disciplines including construction, pharmaceuticals and commercial real estate to name a few. While working on cases involving litigation, Chris has experience with patent infringement, post-acquisition disputes, business interruption and managing large repositories of data.
